**A. Project Title:** New ROW to T-mobile for existing road.

**B. Description and Rational:** Right-of-way grant for existing access road to communications site on adjacent private land.

**C. Location:** T. 1 S., R. 16 E., sec. 30, lot 28. (See map). One half mile Northwest of Big Oak Flat off of Longfellow Road within Tuolumne County, CA.

**D. Stipulation/Mitigations:** Standard right-of-way stipulations for roads.

**E. Plan Conformance:** This action is in conformance with the Sierra Resource Management Plan, approved in February of 2008.

**F. Compliance with the National Environmental Policy Act:** The proposed action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 516 DM 2, Appendix 4, DM 11.9, E.12, "Grants of right-of-way wholly within the boundaries of other compatibly developed rights-of-way."

This categorical exclusion is appropriate for this action because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The proposed action has been reviewed, and none of the extraordinary circumstances described in 516 DM 2, Appendix 2 apply (see attached).

I considered the cultural and biological issues specific to this area of BLM managed land, and relied on documentation provided by the expertise of wildlife and cultural resource specialists to determine that this area is suitable for the desired use.
